VAITCHAFA KARL

Full-Stack & Mobile Developer

Ngaoundéré, Cameroon · +237 675 85 72 64 · +237 696 01 28 45
karlvait21@gmail.com · linkedin.com/in/karl-vaitchafa · github.com/Ainzo20

SUMMARY

Master's degree in Computer Science with a research focus on multi-objective optimization for workflow scheduling in Fog and Cloud environments. Hands-on experience across web and mobile development, from FastAPI backends and interactive mapping to Flutter frontends and UI redesign. Comfortable moving between research-driven problem-solving and building clean, usable applications. Also active in freelance design and QA work.

SKILLS

- **Languages:** Dart, JavaScript, Python, HTML5, CSS3, TypeScript
- **Frameworks & Libraries:** Flutter, React, Next.js, Tailwind CSS, FastAPI, Laravel
- **Databases:** MongoDB (Atlas & Compass), MySQL
- **Tools & Platforms:** Git, GitHub, GitLab, Vercel, Render, WordPress
- **Design:** Canva, Affinity (learning), GIMP, Krita, Inkscape, Photopea, Photoshop CS6
- **Languages:** English (native), French (fluent)

EXPERIENCE

Web Developer Intern (Professional) **Feb 2025 – Sep 2026**
CNDT Cameroon *Remote*

- Built a FastAPI backend and web application for a digital atlas of Cameroon (atlas-cameroun.onrender.com)
- Designed a KoboCollect form for geographic data collection across Cameroon
- Modeled a document-oriented database in UML, hosted on MongoDB Atlas
- Integrated OpenStreetMap and processed GeoJSON data to render an interactive map

Web Developer Intern (Professional) **Jan 2025 – Sep 2025**
Kladriva *Remote (Canada)*

- Debugged and contributed to the redesign of Radio Azul International (radioazul.international/fr)
- Built UI components to improve interface consistency and user experience
- Worked within a Laravel, HTML, and CSS stack

Web Developer Intern (Academic) **Oct 2024 – Feb 2025**
University of Ngaoundéré, Development and ICT Center *Cameroon*

- Developed a contact directory using Next.js and MongoDB as part of a supervised learning project
- Collaborated with peers to refine features and optimize the application

Mobile Developer Intern (Academic) **Apr 2024 – Jun 2024**
Ingenieris Cameroon *Yaoundé, Cameroon*

- Built a geolocation application to identify local businesses and store data for municipalities
- Designed the frontend in Dart and Flutter with a focus on intuitive, responsive UI
- Ran user testing to refine experience and functionality

Mobile Developer Intern (Academic) **May 2023 – Jun 2023**
Ingenieris Cameroon *Yaoundé, Cameroon*

- Developed a Flutter mobile app notifying customers of new discounts in their area
- Integrated a Laravel-based API built by a peer, ensuring clean frontend and backend data flow

FREELANCE

QA Tester (Freelance) **Aug 2026**
Barka.cm *Remote*

- Reviewed the Barka.cm web application against its *cahier des charges* (specifications document)
- Submitted structured feedback and bug reports to guide fixes and improve overall quality

Graphic Designer (Freelance) **2024 – Present**
Independent *Remote*

- Designed membership cards for three local associations, including AFEMEPIA Ngaoundéré (Association des Femmes du Ministère de l'Élevage, des Pêches et des Industries Animales)
- Produced flyers for local businesses, including a pastry shop and a local restaurant
- Created a bag packaging design for NPK fertilizer for Dibninchi Lac Ventures, Nigeria
- Currently expanding into Affinity Designer to broaden the design toolkit

EDUCATION

Master 2 in Computer Science **2025 – 2026**
University of Ngaoundéré, Faculty of Science *Mathematics & Computer Science Dept.*

- Thesis: Multi-Objective Optimization of Multi-Featured Workflow Scheduling in Cloud and Fog Environments

Master 1, Software Systems in Distributed Environments **2024 – 2025**
University of Ngaoundéré, Faculty of Science *Mathematics & Computer Science Dept.*

Bachelor of Technology (Software Engineering) **2023 – 2024**
University Institute of Technology of Ngaoundéré *Cameroon*

D.U.T in Computer Science **2021 – 2023**
University Institute of Technology of Ngaoundéré *Cameroon*

G.C.E Advanced Level, Science Series **2020 – 2021**
Pintades Bilingual and Comprehensive Institute *Cameroon*

G.C.E Ordinary Level **2018 – 2019**
Pintades Bilingual and Comprehensive Institute *Cameroon*
